AGRICULTURAL ADJUSTMENT ADMINISTRATION  
DIVISION OF INFORMATION

LIST OF AVAILABLE PUBLICATIONS

The publications listed below fall within three classifications: (1) General information, which includes addresses by officials of the Department of Agriculture, and pamphlets of general interest to persons concerned with farm problems; (2) marketing and commodity information; and (3) regional information, which appears in the form of leaflets explaining how the Soil Conservation and Domestic Allotment Act and the Agricultural Adjustment Act of 1938 apply to specific sections of the country.

Requests for this material should be addressed to the Distribution Unit, Agricultural Adjustment Administration, Washington, D. C. Because editions are limited, it is not possible to have in stock at all times a supply of all the items listed.

Be sure to write name and address plainly and indicate street and number or rural route, as the case may be.
